To the rest of the world the British obsession with tea seems bizarre, but the love affair has produced a whole range of interesting collectibles, none more so than the highly expensive novelty teapot.

In the 19th Century companies began producing fine teapots notably Minton who came out with classic designs such as the Chinaman, the Monkey and the Tortoise.

Pictured is the classic Tortoise Teapot produced by Minton originally in 1870. This is expected to fetch £30,000 at auction.
